

## Synergy ECP Acquires Federal IT Solutions Leader NetServices

**COLUMBIA, MARYLAND (December 3, 2025)** – [Synergy ECP](#), a provider of software engineering, cybersecurity, and systems engineering services for the U.S. Intelligence and Defense communities, today announced its acquisition of [NetServices](#), a premier provider of secure, innovative technology solutions supporting mission-critical federal environments. The acquisition was supported by Charlotte, NC based private equity firm [Falfurrias Management Partners](#), which partnered with Synergy ECP in October 2023.

For nearly 30 years, NetServices has provided IT modernization, software engineering, cybersecurity, and enterprise operations solutions for defense and intelligence agencies. Known for pairing top-tier technical talent with deep mission insight, the company tackles complex national-security challenges across cloud migration, Zero Trust architecture, DevSecOps, AI/ML, and Enterprise IT service management and operations.

These capabilities strengthen Synergy ECP’s ability to deliver end-to-end, mission-driven technology solutions across the Intelligence and Defense communities, while expanding access to key customer missions and technical programs essential to national security.

“The addition of NetServices is a tremendous advancement for Synergy ECP,” said Phil Murphy, CEO of Synergy ECP. “NetServices has built a strong reputation for delivering excellence in secure federal IT solutions. Their people, culture, and technical depth align perfectly with our mission of delivering exceptional engineering talent and solving the Nation’s most demanding technical challenges.”

“Joining Synergy ECP marks an exciting next step for our employees and customers,” said NetServices’ Chris Ashworth, CTO. “Synergy’s commitment to people, mission, and technical excellence reflects our own values. Together we will accelerate our ability to deliver transformative IT modernization and cybersecurity solutions that support the most critical national security missions.”

The acquisition of NetServices expands on Synergy ECP’s recent growth initiatives, and further enhances Synergy’s scale, technical breadth, and ability to deliver mission-focused solutions across multiple high-priority government programs.

### About Synergy ECP
